

Over \$1 Million in Fragile X Research Grants & Fellowships Offered each Year

FRAXA's mission is to find specific treatments and ultimately a cure for Fragile X syndrome. We prioritize projects that have a clear practical application and the results of which will be shared in a timely fashion.

- **Fragile X Clinical Trial applications are accepted and reviewed on a revolving basis. There is no application deadline or budget limit.**
- **Curative Therapies Grants are new for 2025. These include – but are not limited to – gene therapy, gene repair, gene reactivation, protein replacement, mRNA therapeutics and targeted ASO treatments. There is no application deadline; funding up to \$100,000 per year is available.**
- **FRAXA Fellowship applications are due on February 1 each year. Fellowships provide \$100,000 over 2 years for direct costs.**

Learn More & Apply

Visit fraxa.org/apply or contact Chief Scientific Officer, Dr. Michael Tranfaglia at mtranfaglia@fraxa.org to learn more about the application details and explore past grant recipients.
